About Us

Mogee Inc. has been operating for over 10 years and is engaged in scrap car purchase, used car sales, and used car parts in Watari Town, Iwanuma City, Natori City, Sendai City, Miyagi Prefecture. We've dealt with many countries so we are sure we can provide our products with trust.

We dismantle more than 7000 cars and exporting around 60 containers annually. Packaging parts, and loading them into containers are conducted at the Mogee Recycling Plant.

Mogee Inc. provides you with used engines and body parts. If you have a request for new parts, our service can facilitate your order.

What we do

- We take care of land transportation of the container.
 - Port documentation.
 - Weighing is done right after the packing container is completed at Mogee Inc.
 - Loading the container on the ship.
- In rare cases, the container is subjected to a more thorough customs inspection including checking documents and x-ray screening. Long-term cooperation with international logistics companies allows us to ship your container to any port in the shortest possible time.

What's De Deal !

- Do business with us on the spot while we are in Jamaica and receive extra body parts.
- We can accommodate multiple customers for one container.

To check the price for shipment costs to your port please contact us.
